The Reveal!

First skulk

Vue Conf, US, New Orleans March 2018

Notable Skulks!

Boot camps

In 2021, we launched our first boot camps

A screenshot of a video conference interface. At the top, it shows 'Europe Cohort (Europe)' and the time '16:50'. On the left, there are sidebar sections for 'MESSAGES', 'NOTES' (with 'Shared Notes'), and 'USERS (22)'. The main area displays five participants in a grid. Below the video grid is a slide with the title 'What will we learn today?' in red. The slide features a rocket ship and a planet against a starry background. A bulleted list of learning objectives follows:

- Why do we track changes in our code?
- How do we keep it backed up?
- How do we make it possible for others to work on it too?

The slide has a footer with a page number '5'.

**thank you to our
community and our
sponsors!**
